New Behavioral
Network-Delaware Inc.

Our Services

Dedicated to providing high quality mental, emotional, behavioral, and developmental health programs tailored to meet the evolving needs of Delaware's youth and families.

Comprehensive Healthcare Services

Outpatient Mental Health Services

New Behavioral Network- DE provides outpatient mental health services to individuals, couples, children and families throughout all developmental stages of life. Our licensed professionals are here to help by using evidence-based modalities. At NBN we believe in collaborative comprehensive treatment. We will work in conjunction with your team of providers to create an individualized treatment plan tailored to you and your loved ones mental health needs.

Mobile Therapy

New Behavioral Network- DE mobile outpatient program provides community based social, emotional, behavioral and/or psychological counseling services to you and your family to facilitate positive changes. Sessions may be conducted in the office or in the comfort of your home.

ABA

New Behavioral Network- DE provides behavioral analysis, therapeutic interventions, and support for children with cognitive disabilities, developmental delays, emotional disturbances, and spectrum disorders. Developmental assessments, screenings, and on-going therapeutic interventions can be provided in home, school, Headstart, and the community.

Therapeutic Support for Families

New Behavioral Network- DE Therapeutic Support for Families program offers in-home and community based services to effectively engage entire families in activities to generate positive behavior changes. We provide therapeutic support to children to help develop emotional, social, and behavioral skills.

Parent Education

New Behavioral Network- DE offers the Positive Parenting Program (Triple P). This is an evidence based parenting program designed to improve parent confidence in their parenting skills to manage developmental issues and/or behavioral problems, while also reducing parenting stress. Throughout this interactive program, parents work with an family interventionist to identify community resources, develop parenting strategies, obtain employment, housing, and manage family budget.

New Behavioral Network- DE offers the 24/7 Dad program, which is an evidence based 12 session program to equip fathers with self-awareness, compassion, and a sense of responsibility. It is an empirically designed program for groups of fathers who want to become better dads. Each session follows a structured sequence of activities that build awareness and knowledge about the topics provided.

Family Intervention

New Behavioral Network- DE Family Intervention program assists clients in addressing underlying issues preventing them from providing the best possible home environment for their children. This program also provides professional guidance navigating the various components and processes of the Family Court system.
